

# PITTSBURGH PENNSYLVANIA

Located right between the Grand Concourse Restaurant and the Sheraton Station Square Hotel, Hard Rock Cafe Pittsburgh is the destination for tasty American cuisine and great live entertainment in the City of Champions. Our one-story building features an industrial ceiling, exposed-brick stage, indoor seating for 200, and an outdoor patio for 70. We even have music memorabilia scattered all around the Cafe from rock legends. Though it used to be a steel mill town, Pittsburgh has become a high-tech metropolis that's ranked among the U.S.'s most livable cities. And whether you're a hockey or football fan or none of the above, we'll make sure the feeling of being a winner is possible at our Pittsburgh Cafe.
